POWERED BY VIDAA

The Intelligent Full HD Experience: Certified and Borderless

The ideal choice for those seeking the perfect balance between size and performance. It offers a superior viewing area while maintaining a compact footprint thanks to its modern Frameless design, giving more space to the images that matter.

Tivùsat Certification: The Best of Satellite

Total reliability in receiving free-to-air satellite channels, with an always-updated channel list and optimized video quality. Simply plug in a tivùsat HD or 4K CAM to transform your TV into a window to the world—perfect even in areas where the digital terrestrial signal is weak.

Speed and Entertainment Powered by VIDAA

The Smart heart of this TV is the VIDAA operating system: fast and intuitive! Apps launch instantly, and menu navigation is smooth and seamless. Whether you want to watch the latest match on DAZN or a movie on Netflix, everything is at your fingertips via the remote control or your smartphone using the dedicated app.

Interactivity and the Digital Future

Ready for the new DVB-T2 broadcasting standards, this TV integrates the latest HbbTV features. You'll never have to worry about missing the start of a show again: with the Restart function, you can go back to the beginning of a live broadcast with a single button. Additionally, the USB port allows you to pause live programs (Time Shift), ensuring you don't miss a single moment of your entertainment.
