

# All Inclusive Mono Feed Mini-Kit

## All Inclusive satellite kit

In the ALL INCLUSIVE Mono-Feed Mini-Kit the only thing that's missing is the drill.

The kit contains a set of expansion bolts, wall bracket, 20 metres of Sat cable plus F plugs and even a Sat Finder to best point the parabola and optimise signal reception.

The ALL-INCLUSIVE Mono-Feed Mini-Kit offers you the chance to receive by satellite up to 200 free to air television and radio channels, all in digital Audio/Video quality.

What's more the receiver is factory programmed and tuned into the leading TV and RADIO broadcasters. The new TELE System kit contains a high efficiency elliptical parabola.
