

TS2.4PD

Portable dvd player with built-in DVB-T

The TS2.4PD portable DVD player not only allows you to play DVD's, but it even gives you the chance to watch and listen television and radio programs available in digital thanks to the built-in digital terrestrial TV tuner.

With its high resolution 7" 16:9 LCD screen you can watch images, films and television programs, all in impeccable quality.

Thanks to the USB port on the TS2.4PD portable DVD player you can connect any external USB memory, so with a simple touch you can look at photos, videos or listen to your favourite music.

With TS2.4PD you can watch films in DVD and digital TV wherever you want.
