

PALCO 32/L02

32" LCD TV with built-in DVB-T

The TELE System PALCO/L02 series televisions offer extraordinary image quality.

The 32" PALCO32/L02 LCD TV, thanks to its built-in digital terrestrial tuner, allows you to see all the free to air TV and radio programs transmitted in digital quality.

Palco32/L02 with HDMI connection is HD ready and implements the special Hotel Function. The product's quality and its compatibility with high definition are guaranteed by the "SKY HD TESTED" seal of approval.

The white "DIGTVi" seal of approval ensures full compatibility with all Pay-TV services.
