

TS1000GX

Mp3 player and voice recorder

The new TS1000GX mp3 player will immediately catch the eye with its ergonomic design and slip-proof material.

It can also be used as a voice recorder with 4 different recording qualities.

The TS1000GX mp3 player has 1GB of memory and plays tracks in MP3 and WMA formats.

Small, lightweight and simple to use, all TELE System MP3 players give you the chance to listen to your favourite music wherever and whenever you want.
